Dear Friends,

I am thrilled to present the Annual Report for 2022-23 Jackson CEO program year. It brings me immense pride to share the incredible journey we've embarked upon, the milestones we've achieved, and the young minds we've nurtured to become future business leaders and change-makers.

My first year as Facilitator was nothing short of remarkable, filled with inspiring stories of innovation, resilience, and a shared commitment to fostering entrepreneurial spirit among our students. As we reflect on our accomplishments, we see the tangible impact we've made, and it's a testament to the dedication of our students, faculty, and the unwavering support of our community.

As we look to the future, we remain committed to nurturing entrepreneurial talent, fostering creativity, and instilling the values of hard work, resilience, and community engagement. Our mission to provide a comprehensive educational experience, equipping our participants to become enterprising individuals and entrepreneurial thinkers who will contribute to the economic development and sustainability of our county.

I want to extend my heartfelt gratitude to our dedicated board, school administrators, investors, our students, their families, and the broader community for your ongoing support. Your contributions are essential in shaping the future of these young entrepreneurs.

How You Can Help

Mentoring - A mentor is a business owner, entrepreneur or professional from the Jackson County/Southern Illinois area. A mentor is someone willing to share their time and expertise with a CEO young professional. They meet monthly with their mentee.

Guest Speaker - Speakers offer a unique experience by sharing their life stories, perspectives, entrepreneurial journeys, and lessons on a variety of business topics.

Business Visit - Host the young professionals for a behind the scenes look at how your business is ran. People drive by business daily without recognizing your contribution to the economic development in the area. The group walks away with a changed mindset, never viewing the business the same way again.

Investor - Investors are the heart of Jackson CEO. Their annual investment of \$1,000 provides the necessary resources for current-year facilitator salary and other expenses, and ensures the sustainability of the Jackson CEO class for future students. Investor commitments of site tours, being guest speakers and developing positive mentor relationships are critical to the success of Jackson CEO.
